Since 2001 our team at Bespoke Leisure, renowned for our extensive experience in crafting exceptional vehicles, embarked on a bold new journey.

We envisaged a horizon where luxury met freedom and channelled our passion and expertise into perfecting the art of bespoke campervan conversions.

By obsessing over safety, efficient yet customisable interior layouts and using only high-grade materials, our vans deliver substance through engineering rigor and quality assurance.

[BespokeLeisure.co.uk](http://BespokeLeisure.co.uk)

Bespoke Leisure are a 'Type Approved' campervan manufacturer. This means all our campervans are correctly registered with DVLA as 'motor caravan (M1)'.

We are part of the 'VW Qualified Scheme' and hold NCC approval for our entire model range.

With build quality and safety at the core of everything we do, these approval standards give our customers piece of mind that our campervans are built to the highest industry safety standards possible.

We manufacture a range of vehicle options to suit all customers from the smaller VW Transporter/Ford Transit Custom (our Bespoke Explore model) to our middle-sized VW Crafter (our Bespoke Edition model).
